Dear Dr. McAllister,

Several weeks ago I faxed to you a letter requesting your support for the Special Interest Subgroup Meeting on "Endothelial Cell Heterogeneity and Organspecificity", on Sunday, December 8, 1991 in Boston.

Enclosed, please find the final listing of the confirmed speakers and their topics. If you should have any further questions, do not hesitate to contact me.

Once again, thank you for your support.

Sincerely,

Peter I. Lelkes, Ph.D.
